---

### 3. Our main goal(s) as a partnership this year is / are to:

- We want to work together to identify the best practice in our schools, so that we can bring that into our own schools.
  - Identify where we have gaps in our own practice across the schools and ensure that these areas are addressed.
  - Very keen to undertake all of the training across the project in order to build leadership capacity.
- 

### 4. We specifically want to get better as a partnership at:

- It is going to enable us to be better skilled at going into each other's schools (at all leadership levels), and conducting peer reviews and enabling school improvement.
- 

### 5. Our main concern(s) at the moment are:

- Time/capacity/Covid
  - Importance of confidentiality and not to undermine the excellent professional relationships that we have established across a number of years.
  - Delivering the honest message and being skilled up in this aspect of peer review.
  - Being skilled in receiving honest feedback in a receptive way.
- 

### 6. We have confidence in our collective ability to:

Work together in a supportive and professional way
