

BUILD Phase Partnership Goals 2021/22

Response ID:21 Data

1. BUILD Phase Partnership Goals

1. Partnership Name

Samphire Learning Hub

2. Today's date

01/19/2022

3. Our main goal(s) as a partnership this year is / are to:

To reignite purposeful collaborative working across the group after the pandemic. To develop and empower senior and middle leaders to have an impact across the partnership. To learn from good practice in individual schools and use this to grow inclusive practice across the partnership.

4. We specifically want to get better as a partnership at:

Re-establishing the previous good practice of purposeful collaborative working leading to school improvement, with the involvement of all staff members.

5. Our main concern(s) at the moment are:

Developing capacity at school improvement level. The more we are able to develop across the group the easier this will make the project.

Time-at the moment headteacher and senior leaders' days are very unpredictable, and there is a significant commitment for training etc.

Ensuring that the ILE ensures the local and individual school context when supporting the improvement champions.

Sustaining momentum in the event of COVID related setbacks-need to pre-empt this, if possible.

6. We have confidence in our collective ability to:

Because of the trust built up between the schools over a number of years, we are confident that there will be an open and transparent process (from prior experience). To deliver sustainable change. To tackle difficult issues across the schools rather than quick wins. Some of this is built on prior experience of the SPP.

7. Anything else / other comments?
