

BUILD Phase Partnership Goals 2021/22

Response ID:16 Data

1. BUILD Phase Partnership Goals

1. Partnership Name

KCSP

2. Today's date

01/17/2022

3. Our main goal(s) as a partnership this year is / are to:

ensure the regular sharing of best practice, making best use of peer support and expertise to develop and implement effective new strategies going forward which ultimately impact positively on student progress.

4. We specifically want to get better as a partnership at:

ensuring interventions are well targeted, effective and timely.

5. Our main concern(s) at the moment are:

mental health and wellbeing of our students, a lack of skills to support effectively which is inevitably stretching resources. This then impacts the efficacy of interventions we do have in place, questioning whether we can then run them.

6. We have confidence in our collective ability to:

work in a collaborative manner and to overcome these issues, finding resolutions by working together in a transparent and honest environment.

7. Anything else / other comments?
